FinDev Canada's commitment to the Asia-Pacific

The Asia-Pacific is one of FinDev Canada's regions of operation. Our investments in the Asia-Pacific support climate and nature action, gender equality, and market development. The development needs and opportunities in the region align strongly with FinDev Canada's priority sectors including the financial industry, sustainable infrastructure, and agribusiness, forestry & its related value chains.

Our Asia-Pacific portfolio

As of March 31, 2026 | All figures stated in USD*

Client stories

GULF RENEWABLE ENERGY COMPANY LIMITED (GULF)

Gulf Energy Development Public Company ("GULF") is a holding company and a wholly owned subsidiary of GULF and is one of Thailand's largest private power generation companies. After its initial public offering ("IPO") in 2017, the GULF expanded into several infrastructure sub sectors, including utilities and digital infrastructure.

FINDEV CANADA'S FINANCIAL COMMITMENT: USD $50M

GULF's impact (Transaction one)

- Expected to support over 1,500 jobs during the construction phase, and over 40 operations and maintenance jobs.
- projects supported by this transaction are expected to generate over 1,400 GWh of renewable energy/annum
- This could help avoid 605k tCO2 emissions/year, equivalent to removing 108,880 passengers on the road

INDONESIA INFRASTRUCTURE FINANCE (IIF)

Indonesia Infrastructure Finance (IIF) is a Non-Bank Financial Institution (NBFI) that provides financing and advisory services for commercially viable infrastructure projects across Indonesia. Established in 2010 by the Government of Indonesia (via the Ministry of Finance), the World Bank (WB), Asian Development Bank (ADB), the International Finance Corporation (IFC) and other multilateral institutions.

FINDEV CANADA'S FINANCIAL COMMITMENT: USD $30M

IIF's expected impact

- Expected to support project implementation across the complete infrastructure lifecycle.
- Expected to contributeto job creation and broader economic activity in Indonesia.
- Expected to contribute to the expansion of renewable energy generation in Indonesia, supporting the country's long-term climate and energy targets.
